

## Important Information for Members, Facilities and Institutions

RE: Coronavirus/COVID-19 as it relates to  
**NA Members and In-Person Meeting Attendance**

With respect to ever-changing State and Federal Social Distancing Measures and Safer-At-Home mandates, facilities, institutions and members need be aware that **most meetings have either been temporarily closed or moved to some form of online format.** Please check the [nanashville.org](http://nanashville.org), [hotascna.org](http://hotascna.org) or [natennessee.org](http://natennessee.org) website for an updated meeting schedule.

**To those organizations who may require verification of meeting attendance:** Our groups are having challenges navigating these difficult times and have not had enough time to sort through additional challenges such as signing verification sheets. We ask that if this is an issue for your organization, please contact our Public Relations team and we can arrange a virtual meeting with your organization to address this situation.

***Narcotic Anonymous Public Relations Subcommittees across the state of TN encourage all members to be mindful of the executive orders by our Governor and local officials to remain “safer at home” and practice social distancing. Members can avail themselves of virtual and phone line meetings until this crisis is over and our local meetings can be restored to face to face status.***

A list of world-wide Zoom and call-in meetings is available online at <http://www.virtual-na.org> and a NA directory of meetings by phone is available at <http://www.nabyphone.com>.

For the first time you access a Zoom or BlueJean meeting click on the link on the website you are viewing. The link will open a website on your phone or computer, depending what device you are using. It will then prompt you to download an app. Once you do that, you should be in the meeting. You may also have to enter the meeting ID and/or password which should also be available on the website you got the information from. There's typically a phone number shown that you can use if you just want to call in. Once you have the app downloaded, you'll simply click on the link provided and enter the meeting ID and/or password if you're asked for it.

Sincerely,

PR Sub Committee: Scott B. 615.925.9655, Brittany H. 615.689.7467, [pr@nanashville.org](mailto:pr@nanashville.org)
